CABS Classical Music Weekend

HIFA's fun and fabulous mini-festival is a celebration of classical music's universal impact and influence. This unprecedented Harare event is an invitation to luxuriate in many classical concerts, but also to hear groups that fuse musical genres. If you've ever felt that classical music is not for you, or that it's stodgy or precious, these 3 days of performances and hanging out will change your mind!

The famously beautiful grounds and halls at St George's College are the venue for this NEXT LEVEL event where you can spend all day revelling in concert programmes, and expanding your mind and skills in workshops. There are many delicious food and bar outlets to fuel your sensory indulgence as well as a sizeable craft market offering the chance to buy work by many of Zimbabwe's most talented and inventive artists. A new mural will be painted on site over the 3 days by the startlingly talented **Arthur G. Byers**.

Each day ends with an electronic music event, infused with classical music textures, hosted by Hidden Culture Zimbabwe DJs.

An immersive weekend of sumptuous music, food, wine, conversation, dance and inspiration.

"There are two kinds of music. Good music and the other kind."
Duke Ellington
